VENTURING Updates!

Venturing® Advisor Guidebook

\$15.99

A great tool for any Venturing leader, from novice to seasoned advisor. The handbook guides Venturing leaders, committee members, and CORs toward a successful crew. Includes information on Venturing Basics, Methods of Venturing and Areas of Program Emphasis, and Program Resources and Administration.

It also answers questions such as:

- What are the responsibilities of adult advisors and youth leaders?
- How will being an Advisor benefit me or others?
- How do I support youth as they plan a fun program that fulfills their goals and interests?
- Where can I get practical help for things that we need to do in our crew?

Three-hole-punched for convenience. Measures approximately 8½" x 11".

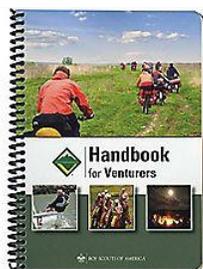

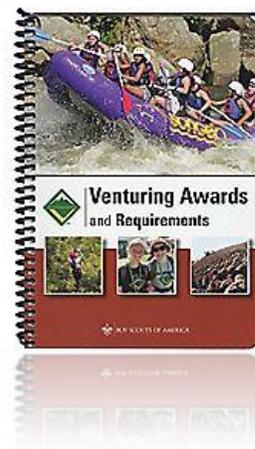

Venturing® Awards and Requirements Handbook

\$15.99

A comprehensive source for the requirements of the Venturing awards programs, this is the go-to book for every Venturing Scout... now with more information than ever before! New edition combines the information previously found in the Venturing Quest Handbook, Venturing Trust Handbook, and Venturing Ranger Handbook.

Information is also provided on many of the other awards and recognitions to alert Venturers to these opportunities, but because these awards are often bestowed by other agencies, the Venturer is encouraged to find the most current requirements from those organizations.

All Venturers should be coached and mentored to begin the awards path. Venturing is a game with a purpose. It should be fun, social, and engaging, but its purpose is to guide Venturers toward their vision of themselves as leaders, adventurers, and faithful stewards of their own resources as well as those we share
